“KEN FRASER, VE2KLF ON MEMS TECHNOLOGY”

Wednesday 24 November 2004

Ragchew and Fleamarket: 19:30

Club meeting: 20:00

St. Ignatius of Loyola Parish Church

4455 West Broadway (corner of Terrebonne) in N.D.G. - Montreal

(Please enter by the back door)

Ken Fraser, VE2KLF, will be discussing specific applications in MEMS technology (Micro Electro-Mechanical Systems). At McGill study in many facets of this micro/nano technology are underway in such areas as medicine, physics, photonics, RF electronics, etc. Some aspects include micro linear motors, accelerometers, positioners, micro-resonator systems and 77 GHz collision radar on a chip. Micro batteries are a recent research proposal out of the US. High integration and small are the way things are going. Come out and learn about this interesting technology coming our way.

A WORD FROM THE PRESIDENT

Hi folks,

This month's meeting topic promises to be somewhat different and interesting - probably much more interesting than the annual climatic change outside. I hope that I will see many of you there and also at our holiday dinner which also promises to be an interesting affair. Please be sure to tell John Grow that you are coming and how many persons.

We offer our condolences to the families and friends of Sonny Wachman, Harry Eastman and Bob Harper all of whom passed away recently. It is a painful reminder of our mortality when we see the passing of three friends in such a short time.

The MAB station is largely repaired except for the dipoles which will be repaired by the time you read this and the rotator which developed problems after we re-installed the HF beam following repairs. My thanks again to Leo and Nora (VE2SI and

The MarcOgram is published nine times per year on the second to last Wednesday of September through June, excepting December by the Montreal Amateur Radio Club. Advertising and copy deadline is one week prior to publication.

Repeaters

VE2BG 147.06 MHz (+)
 Owned and operated by the Montreal Amateur Radio Club. Located on the Pointe Claire water tower.

VE2RED 147.27 MHz (+)
 Owned and operated by the Montreal Amateur Radio Club. Located near Decarie and Cote St. Luc Road.

VE2RJS 449.975 MHz (-)
 Owned by the Montreal Amateur Radio Club and operated by the Cote St Luc Amateur Radio Association. Located near Decarie and Cote St. Luc Road.

The repeaters are open to all amateurs and VE2RED also offers a phone patch available to all amateurs during the day and evening.

Meetings of the Board of Directors

Meetings of the Board of Directors are open to any member to attend. Board meetings are held the first Wednesday of the month (Sept. to June) at 7:30 PM at the Montreal Association for the Blind, 7000 Sherbrooke St West. Should you wish to attend one of the meetings you are welcome. Just speak to one of the directors before-hand to make certain that the meeting has neither been cancelled, nor the location changed.

Club Activities Monthly Meetings

Club meetings are held at the St. Ignatius of Loyola Parish Church which is located at 4455 West Broadway (the corner of West Broadway and Terrebonne) in the N.D.G. District of Montreal. The meetings will be held in the Lounge which is the rearmost door on the south side of the building unless we have reason to hold it in the Parish Hall which is the first door on the South side of the building. An informal fleamarket and ragchew session starts at 19:30 with the formal meeting starting at 20:00. The STM Buses 51, 162 and 105 stop nearby.

Radio Classes

Each year the MARC holds a basic radio course. Plans are underway to start the next session in the second half of January 2005. The course will be run in association with the Concordia University Amateur Radio Club and will most likely be held at the Loyola campus. For more information or if you know of any potential candidates please contact Vern Ikeda.

MARC Hamfest

Planning is now underway for next springs hamfest now set for Saturday April 9th, 2005. The If you want to contribute to the organization or for more information contact Jim Hay or Vern Ikeda.

IN CASE OF EMERGENCY

- Montreal 911 Centre 514-280-2121
- Laval 911 Centre450-662-4240
- Longueuil 911 Centre450-646-8570
- Sûreté du Québec 310-4141
- Kahnawake Peace Keepers 450-632-6505

These numbers are for emergencies ONLY

VE2HAX) for their valuable assistance. More work will need to be done in the spring so please let me know if you can help.

Hopefully you have all got your antenna work done as it is getting nippy outside and as I write this from Quebec City there are even traces of snow on the ground. One never knows but perhaps there may be news from RAQI following the board of directors meeting and also the annual club presidents' meeting.

I hope to see you all at the meeting and also at the dinner which promises to be an inexpensive and most enjoyable evening.

73 de Jim, VE2VE

FROM THE EDITOR'S DESK

As this is the last issue of the Marcogram before the holiday season and the new year I want to take this opportunity to wish you and your families all the best for your holiday celebrations and a healthy and prosperous New Year.

The Montreal Amateur Radio Club in association with the Concordia University Amateur Radio Club will once again be offering a basic level course. The next session is planned to start on a Saturday in late January. So if you know anybody who is looking for something different to do in the New Year, how about suggesting this course. The course would make a good New Year's challenge. Jim Hay and Vern Ikeda would love more candidates participating in this course

On page 5 you will find details for the clubs pre-holiday dinner in December. This is a excellent opportunity to get together before the holidays and enjoy some good company and a great guest speaker. Contact John Grow to reserve a places.

This month's meeting will be start off with the auditor's report to which was not presented at the AGM last month. The we get to meeting presentation, MEMS, which should make for a interesting evening.

73 de Craig, VE2YGK

GUEST SPEAKER: Graeme Decarie topic will be enjoyed by the whole family.

**VOLUNTEERS NEEDED FOR SWEEPSTAKES
CONTESTING IN NOVEMBER**

MARCOGRAM WEB SITE CHANGES

The MarcOgram web site moved: The archived set of MarcOgrams dating back to September 1999 have been moved to a new server on space given to us by Hay-Net Networks. The new URL is:

<http://www.hay-net.net/~ve2arc/mgram.html>

The club's web site is still:

<http://www.marc.ca/>

and is still hosted by LKS Internet of Belleville, Ontario.

The main reason for the change for the location of the on-line edition we were well over our file space quota and we had to make the choice of either deleting older issues or move pictures and other binaries elsewhere. Jim Hay, VE2VE gave the the club some free space on his server so we could continue to make older issues available and a place to put pictures and new news articles as they arrive. I had hoped to finish doing a 2004 news/pictures page up on hay-net but as I write this up, it is still far from complete. I hope that I can get it done before this Christmas so you can see pictures from the various public service events we did this year.

73, de Vernon - VE2MBS/VE2QQ

- . . . -

ASSISTANCE REQUESTED

Dave Melanson, VE2MPD, is looking for assistance in getting the Echolink program up and running over a highspeed Internet connection. If anyone can be of assistance please contact Dave at davem@wapda.com

- . . . -

Earl Paris, VE2ESP, and the Montreal Association for the Blind, (MAB), radio station are looking for active volunteers to help man the MAB station for the ARRL Sweepstakes contest over the weekend of November 19th to 21st. Earl needs both operators and loggers to man the station throughout the event. The actual hours of contest operations are 2100Z Nov 20 to 0300Z Nov 22. Use this excellent opportunity to participate in a contest and gain some contest and operating experience. If you are interested please contact Earl either at either home 514-524-4633 or work 514-489-8201 local 1015.

73 de Craig, VE2YGK

Silent Keys

SILENT KEY -

ROBERT HARPER VE2WBW

It is with regret that we announce the death of Robert Harper, VE2WBW. Bob recently joined the amateur community and had been active at the MAB's station VE2MAB and members will recall having met Bob at MARC meetings this past winter. Bob was also interested in promoting amateur radio as a means of emergency communications and public service.

On behalf of the members and directors of the Montreal Amateur Radio Club I offer the condolences of the club to Bob's family and friends.

73 de James R. Hay, VE2VE

. . . - . -

SILENT KEY -

HARRY EASTON VE2HE

This is to let you know about the passing of Harry Easton, VA2HE, "Happy Engineer" last Friday evening, 05 November 2004. For those of you who had attended Club meetings in the last few years, Harry was one of the regulars who rarely ever missed a meeting. Recently however, poor health did not permit him to attend meetings as often as he would have liked but in past winter/spring he was able to come to meetings thanks to Wally Robinson, VE2AGK. The last meeting that I saw Harry at was in April, 2004 and even though he wasn't well, he certainly still had the interest in the featured topic that evening. The funeral and visitation were Friday 12 November. Thanks to John Grow, VE2EQL for the details.

On behalf of the Directors and members of the Club, I would like to express condolences to the Sonny's family and to his many friends.

73, Vernon - VE2MBS/VE2QQ

. . . - . -

SILENT KEY -

SAUL "SONNY" WACHMAN VE2ALW

I received word from Marty Hornstein, VE2MH that Saul "Sonny" Wachman, VE2ALW passed away on 09 November 2004. While not active recently, Sonny's name came up frequently in conversations that I had with the regulars on the VE2RED repeater back in the early 1990's when I first came into the hobby.

On behalf of the Directors and members of the Club, I would like to express condolences to the Sonny's family and to his many close friends.

73, Vernon - VE2MBS/VE2QQ
